Welcome to WMHE 2022

The Faculty of Civil and Environmental Engineering of the Gdańsk University of Technology, Poland, invites you to participate in the 17th International Symposium on Water Management and Hydraulic Engineering (WMHE2022). It is our pleasure to invite all researchers, engineers and professionals working in water management and hydraulic engineering to contribute on a wide range of topics. The Symposium will take place on September 14-18, 2022 at the Hotel Eureka in Sopot, Poland.

The WMHE 2022 conference will be the next in the series of International Symposiums in the field of Hydraulic Management and Water Engineering, organized with the participation of the Gdańsk University of Technology (Poland), University of Zagreb (Croatia), Slovak University of Technology in Bratislava, Ss. Cyril and Methodius University in Skopje (North Macedonia), University of Natural Resources and Applied Life Sciences in Vienna (Austria) as well as Brno University of Technology (Czech Republic).

The aim of the symposium is to encourage and facilitate communication between scientists, engineers and professionals involved in work related to the multidisciplinary tasks of water management.

Call for abstracts and papers

The WMHE 2022 is a great opportunity to present the latest results of research on the broad range of water management topics.

Conference participants can choose from various forms of publishing their research (details on the website):

- standard abstract up to one page,
- extended abstract up to three pages including pictures,
- full paper in conference proceedings.
